

**Henrico Health District Contact Information  
For Healthcare Professionals and Practices**

**Disease Reporting:**

Report confirmed cases and suspected cases of reportable diseases in Henrico County to the following address and phone number during normal business hours:

**Virginia Department of Health  
Henrico County Health Department  
8600 Dixon Powers Drive  
P.O. Box 27032  
Richmond, VA 23273  
Telephone: 804-501-4522  
Fax: 804-501-4232/4983**

See: <http://www.vdh.virginia.gov/epi/list.asp> for a list of reportable diseases  
Routine reports should be mailed to the above address using the Epi-1 form. Diseases of public health importance must be reported within 24 hours by the most expedient means available, including fax and telephone. Fax transmissions should be followed up with a telephone call to verify receipt.

**After Hours Contact Information:**

Normal business hours are from 8:00am to 4:30pm, Mondays through Fridays, excluding State Holidays. When rapidly reportable diseases and public health emergencies occur during non-business hours, please contact the health department by using the toll free emergency paging system:

**Toll Free, 24hr Emergency Paging Service: 1-866-531-3068**

This number will contact Keener Communications, who will then contact the Epidemiologist, Health Director, and/or Emergency Planner using the contact information that they have on file.
